North Sydney

Special instructions

Car sidings

Home signal NS298, which allows entry to the Car sidings, is controlled with an operator's push button.

Fires

Fires in tunnels must be reported to the Electrical System Operator.
FIRE telephones are located in tunnels and at North Sydney station.

Terminating trains

Drivers of Down trains that terminate at platform 2 or 3 to become Up trains must stop with the leading corner of the Driver's cabin next to either Down signal NS 317 2R or Down signal NS 319 3R at the Hornsby end of the platforms.
