Sunday, 16 August 2026

RailSafe

See online for all Safeworking Information

www.railsafe.org.au

Safeworking information, including Weekly Notices and SAFE Notices, is available on the RailSafe website.

By accessing Weekly Notices and SAFE Notices online, you will receive safety information more quickly. Weekly Notices remain on the RailSafe website for two years; Permanent and Temporary SAFE Notices remain online as long as they are current.

Anyone needing back issues of Weekly Notices and SAFE Notices should contact the Network Rules unit.

If you are outside Sydney Trains, you can reach the RailSafe website via the following address:

www.railsafe.org.au

Other Safeworking documents, such as Network Rules, Network Procedures, Network Local Appendices, Safeworking Policies, SafeTracks flyers, and contractor information are also available online.

PUBLICATION DEADLINES AND SUBMISSION OF ARTICLES

Dates of the next three Weekly Notices and deadlines for articles are:

<i>Weekly Notice</i>	<i>For Week</i>	<i>Deadline</i>
34	17/08/2026 – 23/08/2026	14/07/2026
35	24/08/2026 – 30/08/2026	21/07/2026
36	31/08/2026 – 06/09/2026	28/07/2026

To meet printing and distributing schedules, articles for a Weekly Notice must be received by its deadline.

Articles submitted after a deadline will be published in the next issue of the Weekly Notice. This may result in information not being distributed in time for it to be acted upon.

When submitting articles, please include your name, position title, telephone numbers and email address at the end of the articles as shown below:

Steve Swanson

 SECURE LIBRARY SAFE NOTICES**SAFE Notices for Secure Library documents now available in the Secure Library**

SAFE Notices relating to Secure Library documentation are now available on the Secure Library.

To make it easier to find the latest information, these SAFE Notices will no longer be published on RailSafe. Instead, staff should access them directly from the Secure Library.

Please update any saved links or bookmarks and use the Secure Library as your source for these notices.

Please visit [railsafe.org.au/secure library](https://railsafe.org.au/secure-library)

MORISSET (NORTH) – 12 POINTS TO BE BOOKED OUT OF ORDER UNTIL FINAL RESIGNALLING COMMISSIONING

Commencing at 0400 hours on **Saturday, 22 August 2026**, and continuing until 0200 hours on Monday, 24 August 2026:

- 12 Points will be disconnected and booked out of order and partially removed
- 7 Signal will be disconnected and booked out of order
- 15 Signal will be disconnected and booked out of order

From Saturday 22 August 2026 at 0400 hours until the final Morisset and Vales Point Resignalling commissioning, crossing movements between the Up and Down Mains will not be possible at the Country end of Morisset.

REGIONAL INFRASTRUCTURE UPGRADES – NEW INTERCITY FLEET PROJECT - BLUE MOUNTAIN LINE STAGE 9B - COMMISSIONING OF AUTOMATIC SELECTIVE DOOR OPERATION (ASDO) TRACKSIDE INFRASTRUCTURE ASSETS AT PARRAMATTA & KATOOMBA

Commencing at 0600 hours on **Thursday, 13 August 2026**, and continuing until 1800 hours on Sunday, 16 August 2026, the following works will be carried out:

- The new and modified elements of Automatic Selective Door Operation (ASDO) Infrastructure trackside assets required for up to 10 car Mariyung trains will be commissioned into use at the following station platforms comprising:
 - Parramatta (Platforms 3 and 4)
 - Katoomba (Platforms 1 and 2)
- The ASDO assets comprise balises, vortok beams on the track, and the associated plaques.
- The Katoomba Country End Platform 1 & 2 End fence will be relocated approx. 350mm towards country. This includes the respective combined "8/10" carmarker plate on the end fence.
- The combined "8/10" carmarker on the Platform 1 Country End coping will be relocated approx. 320mm towards country.

RICHMOND (WEST) – RD21 POINTS BROUGHT INTO USE AND PROVISION OF SIGNALLED ROUTES AND INTERMEDIATE TRAINSTOPS FOR THE UP STORAGE ROAD

Commencing at 0200 hours on **Saturday 15 August 2026**, and continuing until 0200 hours on Monday 17 August 2026, the following work will be carried out:

Point Alterations

RD21 points power operated points which were previously installed to replace Frame D will be brought into use.

RD21 points will be provided with Emergency Operation Lock (EOL) equipment of the Fortress Key type for emergency hand operation. The new Emergency Operation Lock (EOL) and telephone will be provided on the wall of Richmond Relay room.

Signal Alterations and additions

With 3(M) and 5(S)C routes set:

RD3 signal will display a low speed indication and RD3 trainstop will lower when the train speed on approach has been suitably reduced.

RD5 signal will display a yellow shunt and the stencil route indicator will display a new 'S' indication. RD5 trainstop will lower when the train speed on approach has been suitably reduced subject to the Up Storage Road being unoccupied.

A new signal RD10 will be installed at 60.562km for trains departing the Up Storage Road, main and shunt routes will be provided on this signal. RD10 trainstop will be lowered when either route is set. With 10(M) route set, the signal will clear subject to 4 signal being clear.

A 13km/h yard entry speed board will be installed on the Up Storage Road adjacent to the new RD21B points.

A new telephone and warning sign for Moray St pedestrian crossing will be installed adjacent to RD10.

With the operation of the master emergency switch at Moray St, RD10 will be placed at stop.

Provision of Intermediate Train Stops for the Up Storage Road

The Up Storage Road will be provided with two intermediate trainstops and one advisory speed sign on the approach to the buffer stop. The intermediate trainstops will lower on approach provided train speed is suitably reduced in accordance with the yard entry speed sign and the advisory speed sign respectively.

Signal Box Alterations

Controls and indications on the Richmond ATRICS panel will be updated to reflect the new arrangements.

HAWKESBURY RIVER RAIL BRIDGE REFURBISHMENT PROJECT

Commencing at 0200 hours on **Saturday, 22 August 2026**, and continuing until 0200 hours on Monday, 24 August 2026, the following works will be carried out:

As part of the Hawkesbury River Rail Bridge Refurbishment, a temporary structural steel lower wall will be installed on Steel Spans 6 and 7 of the bridge on the Up and Down Side. This lower wall will form part of the Modular Internal Containment System (MICS) which will be progressively built on the bridge during track possessions to facilitate the refurbishment works.

The lower wall will sit outside the kinematic envelope of the operating trains. The approximate location of the lower walls to be installed this weekend is 59.090 - 59.208 km. This wall will be in place at this location until approximately 2029.

HAWKESBURY RIVER RAIL BRIDGE REFURBISHMENT PROJECT

Commencing at 0200 hours on **Saturday, 22 August 2026**, and continuing until 0200 hours on Monday, 24 August 2026, the following works will be carried out:

- Installation of tunnel warning lights U14(A) at approximately 59.246km on the UP side of the internal walls / truss frame of the containment structure within Span 7 of the Hawkesbury bridge.
- Installation of tunnel warning lights D16(A) at approximately 59.246km on the DOWN side of the internal walls / truss frame of the containment structure within Span 7 of the Hawkesbury bridge.

COCKLE CREEK – SPEED SIGN – PROVISIONAL INSTALLATION

On **Sunday 23 August 2026** (WE08), new 75/110/115 speed signs will be installed at 150.365km on OHWS N 150+278 along the Down Main. The new signs will be crossed out with black tape for driver familiarisation.

Existing 75/110/115 speed signs mounted on OHWS N 150+275 at 150.362km along the Down Main will continue to apply until the decommissioning and removal of the OHWS on WE14.

A subsequent WN will be advertised for the commissioning of the new 75/110/115 at 150.365km and removal of existing 75/110/115 at 150.362km.

BLACKTOWN – SPEED SIGN – PROVISIONAL INSTALLATION

On **Sunday 16 August 2026** (WE07), the following speed signs will be installed and crossed out with black tape for driver familiarisation:

Up Suburban Line

1. New 70/100/100 speed signs crossed out with black tape on OHWS SL35+747 at 35.740km

Note: existing 70/100/100 on SL35+809 to remain in operation until commissioning of above speed sign.

2. New 70/80/80 speed signs crossed out with black tape on OHWS SL36+072 at 36.064km

Up Main West

1. New 80/80/80 speed signs crossed out with black tape on OHWS SL 32+756 at 32.759km
2. New 70/100/100 speed signs crossed out with black tape on OHWS 35+624 at 35.617km

Note: existing 70/100/100 on SL35+745 to remain in operation until commissioning of above speed sign.

3. New 70/80/80 speed signs crossed out with black tape on OHWS SL36+072 at 36.064km

A subsequent Weekly Notice will be advertised for the commissioning of the new speed signs and removal of redundant speed signs.
