Safeworking information, such as Weekly Notices and SAFE Notices, is available on the RailSafe website.

By accessing Weekly Notices and SAFE Notices online, you will receive safety information more quickly. Weekly Notices remain on the RailSafe website for two years; Permanent and Temporary SAFE Notices remain online as long as they are current.

Anyone needing back issues of Weekly Notices and SAFE Notices should contact the Network Rules unit.

If you are outside Sydney Trains, you can reach the RailSafe website via the following address:

www.railsafe.org.au

Other Safeworking documents, such as Network Rules, Network Procedures, Network Local Appendices, Safeworking Policies, SafeTracks flyers, and contractor information are also available online.

PUBLICATION DEADLINES AND SUBMISSION OF ARTICLES

Dates of the next four Weekly Notices and deadlines for articles are:

Weekly Notice	For Week	Deadline
24	15/6/15–21/6/15	19/5/15
25	22/6/15–28/6/15	26/5/15
26	29/6/15–5/7/15	2/6/15
27	6/7/15–12/7/15	9/6/15

So that printing and distributing schedules can be met, it is essential articles are received by the deadline.

Late articles will be published in the next issue of the Weekly Notice. This may result in information not being distributed in time for it to be acted upon.

When submitting articles, please include your name, position title, telephone numbers and email details at the end of the articles as shown below:

The Weekly Notice will stop being printed in thirty four days. After being around for about one hundred and twenty years the Weekly Notice is going digital. They have been a source of information for rail workers providing information on changes to trackwork, timetables, infrastructure and other operational activities and will continue to do so online.

Since its early days the Weekly Notice has been printed then bound at the end of each calendar year. Network Rules have stored the bound copies that date back to 1933 onsite. All of this rail history will be moved to the State Records site in Kingswood to join the rest of the collection dating back to the 1890's where they will be stored and looked after by NSW State archivists.

From July 2015 the weekly notice will no longer be printed. They will be distributed electronically by Network Rules through the RailSafe website and an email distribution list.

Some areas of the organisation will continue to print this publication until it is slowly phased out as they work in tandem with the rollout of iPads.

Moving to a digital format provides mobile access to staff wherever they are with live updates and easy access to information.

You can get your copy of the Weekly Notice from the RailSafe website and download to your mobile device or apply to receive it in your inbox each week by emailing the [NRU](#) inbox.

NETWORK RULES COMMENT & FEEDBACK REQUEST

The Network Rules Unit (NRU) is conducting a review of the Work on Track (NWT) suite of Network Rules. As part of this review NRU is seeking stakeholder involvement in the development process.

To assist in the development process stakeholders can complete a Network Rules Comment and Feedback Request form available for download from: www.railsafe.org.au/forms

To ensure your comment and feedback is considered as part of the current review, completed forms must be submitted electronically by pressing the submit button on the form and received no later than 2359 hours. **Sunday, 14 June 2015.**

HORNSBY MAINTENANCE CENTRE (NORTH): TANGARA TECHNOLOGY UPGRADE PROJECT – TEMPORARY PROVISION OF FIXED TRAINSTOP

Since **Friday 22 May 2015**, the following works were commissioned:

As part of the Tangara Technology Upgrade Project (TTU), No. 5 Road Back is partially out of use and a temporary platform was erected over this section of the Road.

- A temporary fixed train stop was installed 40 metres in advance on the temporary platform.
- A retro-reflective sign, labelled "ELECTRIC TRAIN STOP", was erected at the Sydney end of the temporary platform.
- Special local procedures are in effect for access to the available section of No.5 Road while the TTU works are occurring.

These arrangements will remain in place until the Tangara Technology Upgrade Project has been completed.

SYDENHAM CONTROL CENTRE – COMMISSIONING OF SMARTLOCK 400T

Commencing at 0800 hours on **Saturday, 27 June 2015**, and continuing until 2000 hours on Sunday, 28 June 2015, the following work will be carried out:

Computer Based Interlockings

- The existing Sydenham, Hurstville A and Hurstville B SSI interlockings will be disconnected and replaced by a new CBI Smartlock 400T which will be connected, tested and commissioned into use.
- The new Smartlock 400T will be connected to the existing field modules and the existing ATRICS Train Control System.

There will be no alteration to the signalling controls at Sydenham Control Centre.

ATRICS Control System (Sydenham)

The ATRICS control system at Sydenham Control Centre will be unchanged with the exception of the following:

- Operation of the Emergency all Signals On Control (ESOC) for Sydenham auto section from Arncliffe to Allawah will show all field equipment in their most restrictive state.
- The critical & non-critical alarm(s) associated with the health of the Smartlock 400T will appear on the Hurstville Area Controllers screen only, including the non-critical Radio Block Centre (RBC) alarm.

REQUESTS FOR NETWORK MANUALS AND FORMS

Please regularly check that your Network Manuals and Forms are up to date and include the current status sheet numbers for each section, as listed in this Weekly Notice.

If your manuals do not have the correct status sheets, they have not been properly amended and the Safeworking information will not be up to date.

All Sydney Trains staff issued with Network Manuals and who require regular updates and amendments need to contact their relevant distribution officer, as listed in this Weekly Notice, to have their name and contact details included in the distribution list. This will ensure that you receive all updated Network Manuals and Forms.

All requests to receive Safeworking documentation must be forwarded through your controlling officer to the appropriate distribution officer.

Those outside Sydney Trains can access Safeworking information by visiting the RailSafe website at www.railsafe.org.au

External users who wish to purchase hard copies of the Network Rules and Network Procedures can download an order form from the RailSafe website under Contractors on the top menu bar.
